### COUNTY TO CONTINUE HOUSING COUNSELING

For the last several years, Oakland County has offered counseling services to citizens facing foreclosure on their homes. The program is administered through the county's Community and Home Improvement Division. Funding for the service has been provided by the federal government.

The U.S. Department of Housing and Urban Development has seen the value of the program, and has granted the county \$93,000 to continue it. The grant was accepted in February.

If you need advice and assistance to try and keep your home from being foreclosed, contact the Office of Housing Counseling in the Community and Home Improvement Division. Call 248-858-5402 or click the URL below:
