## Bench Guide

2011-2012

The programs included in this handbook were implemented not only to address the needs of the offender, but also to satisfy the public's demand for protection against repeat offenders. This handbook was designed as a guide for Circuit Court and District Court Judges, Probation Officers, and Defense Counsel in sentencing offenders into alternative to incarceration programs. It is intended to be informational in nature, detailing program descriptions, eligibility criteria, referral contacts, and appropriate use of the programs.

Any questions about these programs can be directed to the Community Corrections Division Administration at **248.451.2310** or visit our website at [www.oakgov.com/commcorr](http://www.oakgov.com/commcorr).

Included in this handbook, you will find:

# Understanding PA 511

## Michigan's Community Corrections Act

In 1988, State lawmakers enacted Public Act 511 (PA511) which is also referred to as the Michigan Community Corrections Act. As a result, PA511 established statewide policy and a funding process for locally designed and administered corrections programs that increase the range of sanctions and services for nonviolent offenders.

The act requires the development of alternatives to incarceration that:

- ❖ protect the public,
- ❖ punish the offender,
- ❖ hold the offender accountable,
- ❖ increase restitution to victims of crime,
- ❖ provide needed rehabilitative services (e.g. substance abuse, mental health counseling, job training and placement, and continuing educational opportunities, and
- ❖ utilize valuable jail space for more serious, violent criminals.

The Oakland County Community Corrections Advisory Board (OCCCAB) was successful at securing funding from the State in 1994, for it's Comprehensive Plan. Since then, the OCCCAB has developed a strong collaboration and cooperation from all components of the criminal justice system in Oakland County. The plan is updated each year in order to review the effectiveness of existing programs, as well as to create new programs as needed. The Oakland County Community Corrections Division provides a wide array of sentencing alternatives for all types of non-violent offenders.

The following program descriptions are intended to be informational. If you have any questions about the programs in this brochure, or you have any questions regarding Community Corrections in general, please contact **Barb Hankey, Manager, at 248.451.2310.**

2. If a probation Violator must have an original Guideline score of 0-6
3. Offender may not be charged with one of the above offenses
4. Offender may not have been convicted of one of the above offenses within the past 5 years

\* A conviction for an asterisked offense will not necessarily preclude sentencing pursuant to the provisions of P.A. 511. In each of these cases, the defendant's prior criminal history, and the individual facts and circumstances will be considered. In compelling cases, the defendant may be permitted to be sentenced pursuant to the provisions of P.A.511.

## Probation Statutes

**Misdemeanor Offense:** A Pre-Sentence Investigation is not required for a defendant charged with a misdemeanor offense, but may be ordered at the discretion of the court. MCLA 771.14(1). The period of probation shall not exceed 2 years for a misdemeanor offense. MCLA 771.2(1).

**Felony Offense:** A Pre-Sentence Investigation **is** required for a defendant charged with a felony offense. The period of probation shall not exceed 5 years.

There are three standard conditions of probation which should appear on every probationary order:  
MCLA 771.3

1. The probationer shall not violate any state, federal or local laws during the probationary term.
2. The probationer shall not leave the state without permission of the court.
3. The probationer shall report to the probation office monthly, or as often as directed by the probation officer.

In addition, other conditions may be imposed including, but not limited to; jail, fines, costs, community service, restitution, mental health or substance abuse treatment/counseling, or electronic monitoring. However, "... there must be a rational relationship between the restriction and rehabilitation," *People v Loretta Miller*, 182 Mich App 711, 713 (1990).

*People v Marks*, 340 Mich 495 states that "probation is not a matter of right but a privilege and rests in the sound discretion of the court."

*People v Smith*, 195 Mich App 147 holds that time spent in an electronic tether program is not equivalent to confinement in jail. Therefore, an individual is not entitled to receive jail credit for participation in that program.

# Statutory Relief

\*\*If it is the defendant's second violation of this section, the court shall order the defendant to undergo screening and assessment for substance abuse treatment.

\*\*\*As a condition of probation, the defendant may be confined to jail or a residential treatment facility, or may be required to attend appropriate rehabilitative programs.

# ATI

## ALTERNATIVE TO INCARCERATION FOR SUBSTANCE ABUSERS

### PRETRIAL SENTENCED MISDEMEANOR

ATI offers substance abuse treatment in a variety of settings, lasting up to 30 days for misdemeanants whose criminal conduct is directly related to drug/alcohol using or addiction. Offenders may be sentenced to treatment in lieu of jail time or ordered as a condition of bond. For the first time, the sentencing District Court may quickly access residential treatment specifically designed to effectively treat the offender with serious drug/alcohol problems. Program features can include:

- weekly individual therapy
- intake assessment and evaluation
- treatment, discharge and aftercare planning
- non-denominational worship services
- PBT and random urinalyses and contraband searches
- regular written progress reports
- 24 hour staff supervision of a highly structured treatment regimen
- daily group therapy
- on-site 12 Step meetings
- HIV/STD education
- budget and life skills
- transportation
- GED/Adult Education classes

## ALTERNATIVE INCARCERATION CENTERS

**SENTENCED FELONY  
\*\*PA511 Eligible  
Charges\*\***

AICs offer a community-based, 24 hour-a-day supervised sentencing alternative for use by Circuit Court Judges. Individuals sentenced (for a non-violent felony offense) to AIC must adhere to strict supervision and behavior standards, participate in various therapeutic interventions (e.g., substance abuse and/or mental health counseling), as well as contribute financially to their care once employed. AIC's are encouraged to establish partnerships with community agencies to further assist offenders in meeting a multiple of needs.

Close contact between Circuit Court Probation staff and the AIC is mandatory to assure compliance with sentencing orders. Oakland County Community Corrections currently contracts with the following treatment facilities:

## CENTRAL INTAKE AND ASSESSMENT

### SENTENCED FELONY MISDEMEANOR

The goal of the Central Intake and Assessment Unit is to screen and assess all jail detainees to determine their eligibility and suitability for Community Corrections programs, and other alternative programs. The Central Intake and Assessment Unit was established as part of Oakland County's Comprehensive Plan for the purpose of providing assessments of the needs of incarcerated inmates. This intake utilizes COMPAS (Correctional Offender Management Profiling for Alternative Sanctions), the most advanced risk and need assessment tool available developed by Northpointe, Inc. This assessment tool allows for making defensible decisions using four risk scales – Violence, Recidivism, Failure to Appear and Non-Compliance). This assessment will encompass the following areas:

- background information
- mental health and substance abuse problems
- matching offenders needs with available treatment and/or rehabilitative programs
- public safety
- offender's willingness to participate in prescribed programming

Once an inmate's eligibility has been determined, Central Intake staff will contact the Court and/or Probation Department in an effort to recommend the offender be sentenced to one of the alternative programs rather than serve a straight jail term. The alternative programs include:

- Life Employment & Skills Program (LESP) for Felons

## LIFE EMPLOYMENT AND SKILLS PROGRAM

**SENTENCED  
FELONY  
PA511 ELIGIBLE**

This program is designed for in-custody felony offenders who have a history of past criminal conduct and substance abusing behavior. A willingness to examine these issues within themselves is an essential component of the program. For inmates sentenced to the program their jail term will be reduced by 25% upon completion.

The program is a closed-end group that meets daily over a six-week period, for a minimum of 30 90-minute sessions. A cognitive-behavioral methodology is used to challenge offenders to examine how their belief and value system shape their behavior. This structured program will focus on:

- teaching new ways of thinking to precipitate self-change
- achieving self-control and positive change
- understanding distortions in thinking, and identifying criminal thought patterns
- participating in a variety of exercises and completing homework assignments is required

The Central Intake and Assessment Unit will administer the COMPAS assessment on all potential program participants, enrolls offenders, and schedules the classes.

### Eligibility

- Felony offenders should meet the eligibility requirements of PA511
- Offenders should have a sentencing guideline score that falls in the straddle cell range with a PRV score greater than 35

### Cost

- There is no cost incurred by the offender

MISDEMEANOR  
PA511 ELIGIBLE**

This program is designed for in-custody misdemeanor offenders who have a history of past criminal conduct and substance abusing behavior. A willingness to examine these issues within themselves is an essential component of the program. For inmates sentenced to the program their jail term will be reduced by 25% upon completion.

The program consists of four 1-week modules presented in a group setting that meets daily over a four-week period, for a minimum of 20 90-minute sessions. A cognitive-behavioral methodology is used to challenge offenders to examine how their belief and value system shape their behavior. This structured program will focus on teaching new ways of thinking to precipitate self-change in the following four areas:

- attitudes towards alcohol and substance abuse
- criminal thinking
- thoughts and consequential thinking
- overview of systems and services available in the community

### Eligibility

- Misdemeanor offenders with at least a 60 day sentence, and no history of assaultive convictions

### Cost

- There is no cost incurred by the offender

## PROBATION ENHANCEMENT PROGRAM

### SENTENCED FELONY

The PEP program provides 180 days of residential programming for technical probation violators at Community Programs Inc. (CPI). The objective of this program is to reduce anti-social thinking, criminal behavior patterns, and misuse of alcohol and controlled substances by increasing the offender's level of knowledge of relapse, recidivism, and prevention strategies, thereby facilitating the probationer's ability to successfully integrate back to the community. This program involves the following six modules:

- Intake and Orientation
- Criminal and Addictive Thinking
- Drug and Alcohol Education
- Socialization
- Relapse Prevention
- Release and Reintegration Preparation

### Eligibility

- Legislative Sentencing Guidelines (SGL) should be a straddle cell
- Probation Violation Decision Guide (CFJ-265) score of level II violation (non-violent offenders) with a response range of III or female violators with a score level of I or level II and response range of II or III (CFJ-266 and CFJ-267)
- COMPAS prescreening for violence and recidivism with results Moderate to High. Low risk offender may be referred with a Supervisors over-ride.
- No suicide attempts within last 12 months
- No pending felony charges
- CPI will accept pregnant women up to their second trimester with some restrictions – contact PEP Liaison, Janelle Hall 248-858-1470
- Offenders with mental health or physical issues will be accepted with some restrictions – contact the PEP Liaison, Janelle Hall 248-858-1470

### Charge Appropriateness

- Technical Probation Violators (non-violent felony offenders)

### Cost

- Funding is provided by Oakland County Community Corrections Division

# PRETRIAL SERVICES

## PRETRIAL FELONY MISDEMEANOR

Pretrial Services (PTS) is a unit of the Oakland County Community Corrections Division established in 1987 with the primary mission of screening the adult pretrial arrestee population for release suitability in accordance with MCR 6.106. PTS provides the court with neutral, non-adversarial, and accurate information at initial court appearance hearings, as well as any subsequent court appearance where bond and/or conditions of release are being reviewed. **It is the goal of the unit to maximize defendant release rates at the earliest possible time after arrest, while minimizing failure to appear and re-arrest rates.**

The goal is achieved through a comprehensive screening process. PTS investigators interview adult felony and misdemeanor arrestees (at the Oakland County Jail, local police lockups, or holding areas) in order to:

- gather and verify information pertinent to release eligibility including
  - employment history
  - educational background
  - length of residence
  - criminal history
  - substance abuse/mental health
- conduct a complete computerized record check including District and Circuit Court records, Probate records, Secretary of State, and LEIN
- review local law enforcement and court records, including probation and parole information, prior juvenile arrests, as well as any outstanding warrants

The information obtained during the interview is then verified for accuracy. Contact with references, family members, schools, employers, probation and parole officers, treatment providers, and others are pursued by the investigators. The verified information is then compiled into a written report which is made available to the judge, defense attorney, prosecutor, and probation officer. This report also contains a recommendation as to the release suitability of the defendant. If a defendant is at risk to fail to appear, or to be involved in pretrial misconduct, conditions of release may be ordered. These conditions may include:

- participation in substance abusing testing or counseling
- refrain from the use of alcohol and/or drugs
- surrendering of a driver's license or passport
- maintain or seek employment
- do not enter specified premises, or have contact with a specified person
- participate in Electronic Monitoring

Conditions of pretrial release may require defendants to report to the **Pretrial Services Supervision Unit** (see Pretrial Supervision) to ensure compliance with those conditions. Violations or non-compliance of release conditions are reported to the court and prosecutor.

In addition to an initial interview, report, and recommendation, PTS also provides a preliminary sentencing guideline score (SGL) to indicate probability of confinement for felony defendants at the time of exam in District Court and/or arraignment at Circuit Court.

# PRETRIAL SUPERVISION UNIT

**PRETRIAL  
FELONY  
Eligible MISDEMEANORS**

The Pretrial Supervision Unit (PSU) offers a supervision component for judges to monitor pretrial defendants to ensure compliance with conditions of release imposed by the judicial officer, to ensure the defendant's appearance at court, and for the benefit of public safety. The defendant is held accountable through regular reporting to a PSU case manager. Those defendants who require closer supervision may be placed on electronic monitoring (See Electronic Monitoring Devices). Progress and compliance with conditions of release are continually evaluated and reported to the court by the PSU case managers.

If the defendant is required to submit to random drug and/or alcohol testing per their bond conditions, the PSU case manager will set them up with a testing facility. The PSU case manager can also assist offenders in obtaining residential treatment in lieu of pretrial incarceration for their substance abuse needs.

## Eligibility

- Any defendant:
  - all charges are eligible
  - who is arrested while on bond
  - who has been arrested on a fail to appear warrant regardless of the underlying charge
  - who remains in the county jail for more than 5 days unable to post bond

## Cost

- No cost for this program, however, the defendant is responsible for the cost of drug testing and/or counseling fees, if imposed

# ELECTRONIC MONITORING DEVICES

## PRETRIAL FELONY MISDEMEANORS

For more intensive monitoring, in conjunction with Pretrial Supervision, an offender may be court ordered to an electronic monitoring device. Electronic monitoring allows for close supervision of an offender while in the community. Schedules are set for offenders who are allowed to work, attend school, counseling and other appointments required by the court. Restricted areas can be established in cases where victims are involved. Progress and compliance with conditions of release are continually evaluated and reported to the court.

The following are types of electronic monitoring devices utilized by Oakland County Community Corrections Division:

### Global Positioning System (GPS)

The offender's movements are tracked via satellites and reported at regular intervals, in the event of a violation, the offender's movement is reported in as close to real time as possible. Exclusion zones for areas such as a victim's home, work, school or church, are programmed into a map with a predetermined radius. If the offender enters one of these exclusion zones, the victim and GPS Staff are notified via pager, allowing the victim to enact a safety plan. Appropriate candidates for GPS include offenders charged with **Domestic Violence, Criminal Sexual Conduct, or any crime with a victim.**

Requirements include:

- defendant must have a stable address
- defendant must have a standard power source
- defendant will be given a curfew to assure GPS device is fully charged
- for offenses with a victim, the defendant should be held in custody until installed on GPS tether to insure the victim has been contacted, and hot zones established
- defendant must follow all rules and regulations of the Pretrial Supervision Tether Unit

### Transdermal Alcohol Tether

These devices use transdermal (through the skin) analysis to determine the offender's Blood Alcohol Content (BAC) every hour at least 24 times per day. It also monitors body temperature and distance between the leg and bracelet to detect attempts to tamper with or obstruct the unit. If the unit detects alcohol it will test every 30 minutes until alcohol is no longer present.

Requirements include:

- defendant must follow all rules and regulations of the Pretrial Supervision Tether Unit

### Breathalyzer Monitor

This system does not require the offender to wear any type of ankle bracelet. Rather it randomly monitors and screens the defendant for alcohol while he/she is at home. The offender must submit to a Preliminary Breath Test (PBT) when the unit "calls" their home. The unit is also equipped with a camera and may ask the offender questions in order to verify identity. Result of the PBT are reported to the monitoring center and forwarded to the appropriate authorities for follow-up.

Requirements include:

- defendant must have a stable address and a landline phone
- defendant must follow all rules and regulations of the Pretrial Supervision Tether Unit

*Continued*

**Ignition Interlock**

An Ignition Interlock device is a breath analyzer installed into a vehicle to prevent a person from starting the engine if alcohol is detected in their system. The driver must blow in the device and pass a breath alcohol test before the vehicle will start.

\*\*PA511 Eligible Charges\*\***

Clients referred to Step Forward for services are required to complete a screening and assessment. This intake unit utilizes the most advanced risk and need assessment tool available - COMPAS (Correctional Offender Management Profiling for Alternative Sanctions) - developed by Northpointe, Inc. This assessment tool allows for making defensible decisions using four risk scales – Violence, Recidivism, Failure to Appear, Non-Compliance. Based on the comprehensive evaluation of the client’s past criminal history, criminal associates and peers, substance abuse, financial problems, education, criminal thinking, and social environment, the clients need and eligibility for Step Forward services is determined. Once eligibility is determined the client is enrolled in Step Forward and assigned a Step Forward Case Manager who will develop a treatment/case plan based on the client’s need(s). Offenders who are deemed not eligible for Step Forward services will be given referrals to other agencies as appropriate.

## Eligibility

- Any offender charged or convicted of a **misdemeanor or PA511 non-violent felony** charge may be referred for an intake and assessment

## Cost

- Upon completion of the assessment, a **\$25 fee** for clients that are eligible for Step Forward services is due at the Step Forward Intake appointment

# ACE

## A COLLABORATIVE EFFORT

### SENTENCED FELONY MISDEMEANORS

The ACE program is designed to provide “one-stop shopping” treatment approach for dually diagnosed offenders, which are traditionally a non-compliant population. The program operates out of two outpatient sites, Eastwood Clinics in Royal Oak and The Counseling Center in Bloomfield Hills. ACE provides group and individual substance abuse counseling, mental health counseling, case management and psychiatric evaluation and medication, if needed. Services are provided by staff from both Oakland County Community Mental Health and the Health Division/Office of Substance Abuse.

### Eligibility

- Any **felony or misdemeanor** offender involved in the criminal justice system with substance abuse or mental health diagnosis

### Charge Appropriateness

- Offender appropriateness in the program will be decided on an individual basis based on level of care, diagnosis, etc.

### Cost

- Payment for services will determined by offender insurance, Medicaid/Medicare, and client ability to pay

Referrals can be made to ACE by calling one of the following sites during normal business hours:

# ADULT TREATMENT COURT

## SENTENCED FELONY

The focus of the Adult Treatment Court is on intervening in substance use/abuse and reducing criminal behavior through intense court supervision and utilization of various recovery and counseling services. The adult treatment program consists of four stages that the offender is required to complete in order to graduate thus avoiding a term of incarceration. All stages will be at least 12 weeks long with the exception of Stage 1 which is 16 weeks long. During the four stages the participant will:

- serve a minimum 2 years of probation
- comply with court orders and probation rules
- submit to random drug/alcohol screens as required by the program stages
- remain alcohol and drug free
- attend treatment sessions
- continue payment toward restitution
- attend bi-weekly status review hearings
- attend AA/NA
- seek employment or educational programs as directed and provide documentation of enrollment/employment.

If the defendant has mental health concerns, these issues will/could be addressed in court after the defendant has completed a mental health evaluation.

### Eligibility

Participation must first be approved by the prosecutor and the defendant must:

- be a resident of Oakland County
- be charged with a non-violent, PA 511 eligible crime
- not have a pattern of violence
- not have any **current** Delivery/Manufacturing charges
- Any sentencing guidelines for OUIL III's, except presumptive prison cells
- All straddle cell offenders (minimum range is 12 months or less, and the maximum range exceeds 18 months)
- No presumptive prison cells

### Cost

- There is a \$150 participation fee

## RESULTS DRUG & ALCOHOL TESTING

**PRETRIAL  
SENTENCED  
FELONY  
MISDEMEANORS**

Using a random color/letter testing system this program administers urine and alcohol screens for the detection of illegal use of substances as ordered by the court. Clients are assigned a color for drug testing and/or a letter for alcohol testing pursuant to the frequency ordered by the court or referring agent. Clients are required to call-in daily to a drug testing hotline that will indicate

the colors/letters for that day.

Drug test screens are directly witnessed, gender specific and are conducted by collecting urine samples and analyzing the sample using an immunoassay testing technique (EMIT). All urine samples are initially screened for dilution and/or adulterants. RESULTS follows drug cut-off levels in compliance with Michigan Department of Transportation (MDOT) and the Substance Abuse and Mental Health Services Administration (SAMHSA). Positive drug test results are automatically confirmed by performing a second immunoassay screen on the urine sample.

PBTs are conducted on-site for alcohol testing.

Courts and probation staff receive weekly compliance reports as well as notification of any positive test results the day following testing except for week-ends.

The RESULTS program is located at the two Oakland County Community Corrections sites. All drug tests and PBTs must be administered at one of the RESULTS sites. Make-up tests are not permitted.

Referrals can be made by e-mail or fax. For more information please visit [www.oaklandsheriff.com](http://www.oaklandsheriff.com).

## PROBATION ENHANCEMENT PROGRAM

### SENTENCED FELONY

The PEP program provides 180 days of residential programming for technical probation violators at Community Programs Inc. (CPI). The objective of this program is to reduce anti-social thinking, criminal behavior patterns, and misuse of alcohol and controlled substances by increasing the offender's level of knowledge of relapse, recidivism, and prevention strategies, thereby facilitating the probationer's ability to successfully integrate back to the community. This program involves the following six modules:

- Intake and Orientation
- Criminal and Addictive Thinking
- Drug and Alcohol Education
- Socialization
- Relapse Prevention
- Release and Reintegration Preparation

### Eligibility

- Legislative Sentencing Guidelines (SGL) should be a straddle cell
- Probation Violation Decision Guide (CFJ-265) score of level II violation (non-violent offenders) with a response range of III or female violators with a score level of I or level II and response range of II or III (CFJ-266 and CFJ-267)
- COMPAS prescreening for violence and recidivism with results Moderate to High. Low risk offender may be referred with a Supervisors over-ride.
- No suicide attempts within last 12 months
